

ALL CASUAL STAFF FORUM

ACADEMIC & PROFESSIONAL

Are you feeling like a second class citizen at work?

- Have you had your staff email disrupted or disconnected?
- Do you have ready access to a desk, telephone, computer and printing?
- Are you performing duties for which you are not paid and/or are not in your contract?
- Would you like access to SCU Wellness Certificates?
- Do you know your entitlements under the SCU Enterprise Agreement?

NTEU want to hear about your casual employment experience at SCU, so that we can better work together to improve this. We are organising a forum for casual staff (both professional and academic) next Tuesday 11 April in Lismore.

NTEU members and non-members alike are all equally welcome. So come along and have your say, learn more about your entitlements, and help us to help you to improve our life at work.
